

# SAI360 Risk Management

POWERED BY BWISE

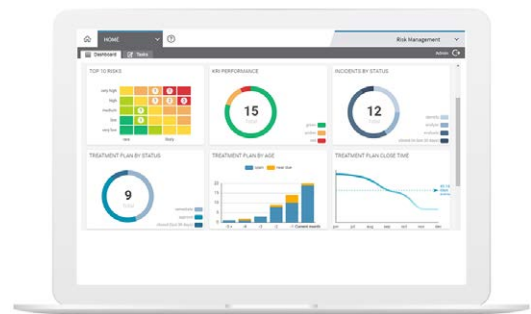

Streamline your risk management program, from risk identification and assessment to risk response, monitoring, aggregation and communication

## Key Benefits

- **BETTER INSIGHTS INTO YOUR RISK PROFILE** – Get a 360° view of your risk management program with real-time, drillable dashboards
- **EFFECTIVELY ENGAGE THE FIRST LINE OF DEFENSE** – Embed risk management throughout your organization through powerful workflows and an intuitive user interface
- **FACT-BASED DECISION MAKING** – Get risk management at the board's table by providing strategic risk insights to senior leadership

## Key Features

- **MODULAR** – Streamline your risk management program at your own pace to ensure quick ROI
- **PRE-CONFIGURED** – Based on best-practice for cost-effective and shorter implementation
- **OPTIMUM USER EXPERIENCE** – Role-based views designed to eliminate distractions and contextual tutorials to guide users directly in the application

# A complete range of capabilities to fully support your Risk Management Program

- Drill down heat maps, risk trends, top risks with risk overviews and all relevant details
- Configurable reports and dashboards
- Define thresholds that trigger actions and workflows
- Capture and report on KRIs
- Monitor risks in your risk register on a continuous basis by leveraging indicators
- Advanced loss & incident workflow including notification, routing & escalations, investigations, and root cause analysis
- Powerful workflow capabilities to ensure process consistency for data gathering, management sign-off, and streamlined management of action plans

- Integrated process, risk and control framework for documentation, organization, and drill down
- Ability to incorporate leading practice and globally recognized frameworks (e.g., COSO, ISO, COBIT, etc.)
- Ability to assess risks against various risk dimensions using configurable impact and likelihood scales
- Support for top-down and bottom-up risk assessment
- Support for many risk consolidation techniques to summarize the risk profile for the business or organization
